L'AND™
VINEYARDS

MORE THAN A HOTEL ..

More than a hotel, L'AND Vineyards is an exclusive retreat with 45 Suites and Pool Villas that blend modern architecture with nature, providing an atmosphere of sober luxury, natural beauty and tranquility.

Set in the heart of Alentejo, L'and Vineyards offers a unique landscape starring its vineyards, oak and olive orchards, but also property interiors designed by Márcio Kogan, Architecture by Promontório and Michael Biberstein's Artwork.

At L'AND Vineyards, we invite you to enjoy a gastronomic experience at Viajante restaurant, relax in the Vinotherapie spa and sleep under the stars, in one of the Sky Suites set among the vineyards on site.

TAKE A WALK ON THE WILD SIDE OF EUROPE..

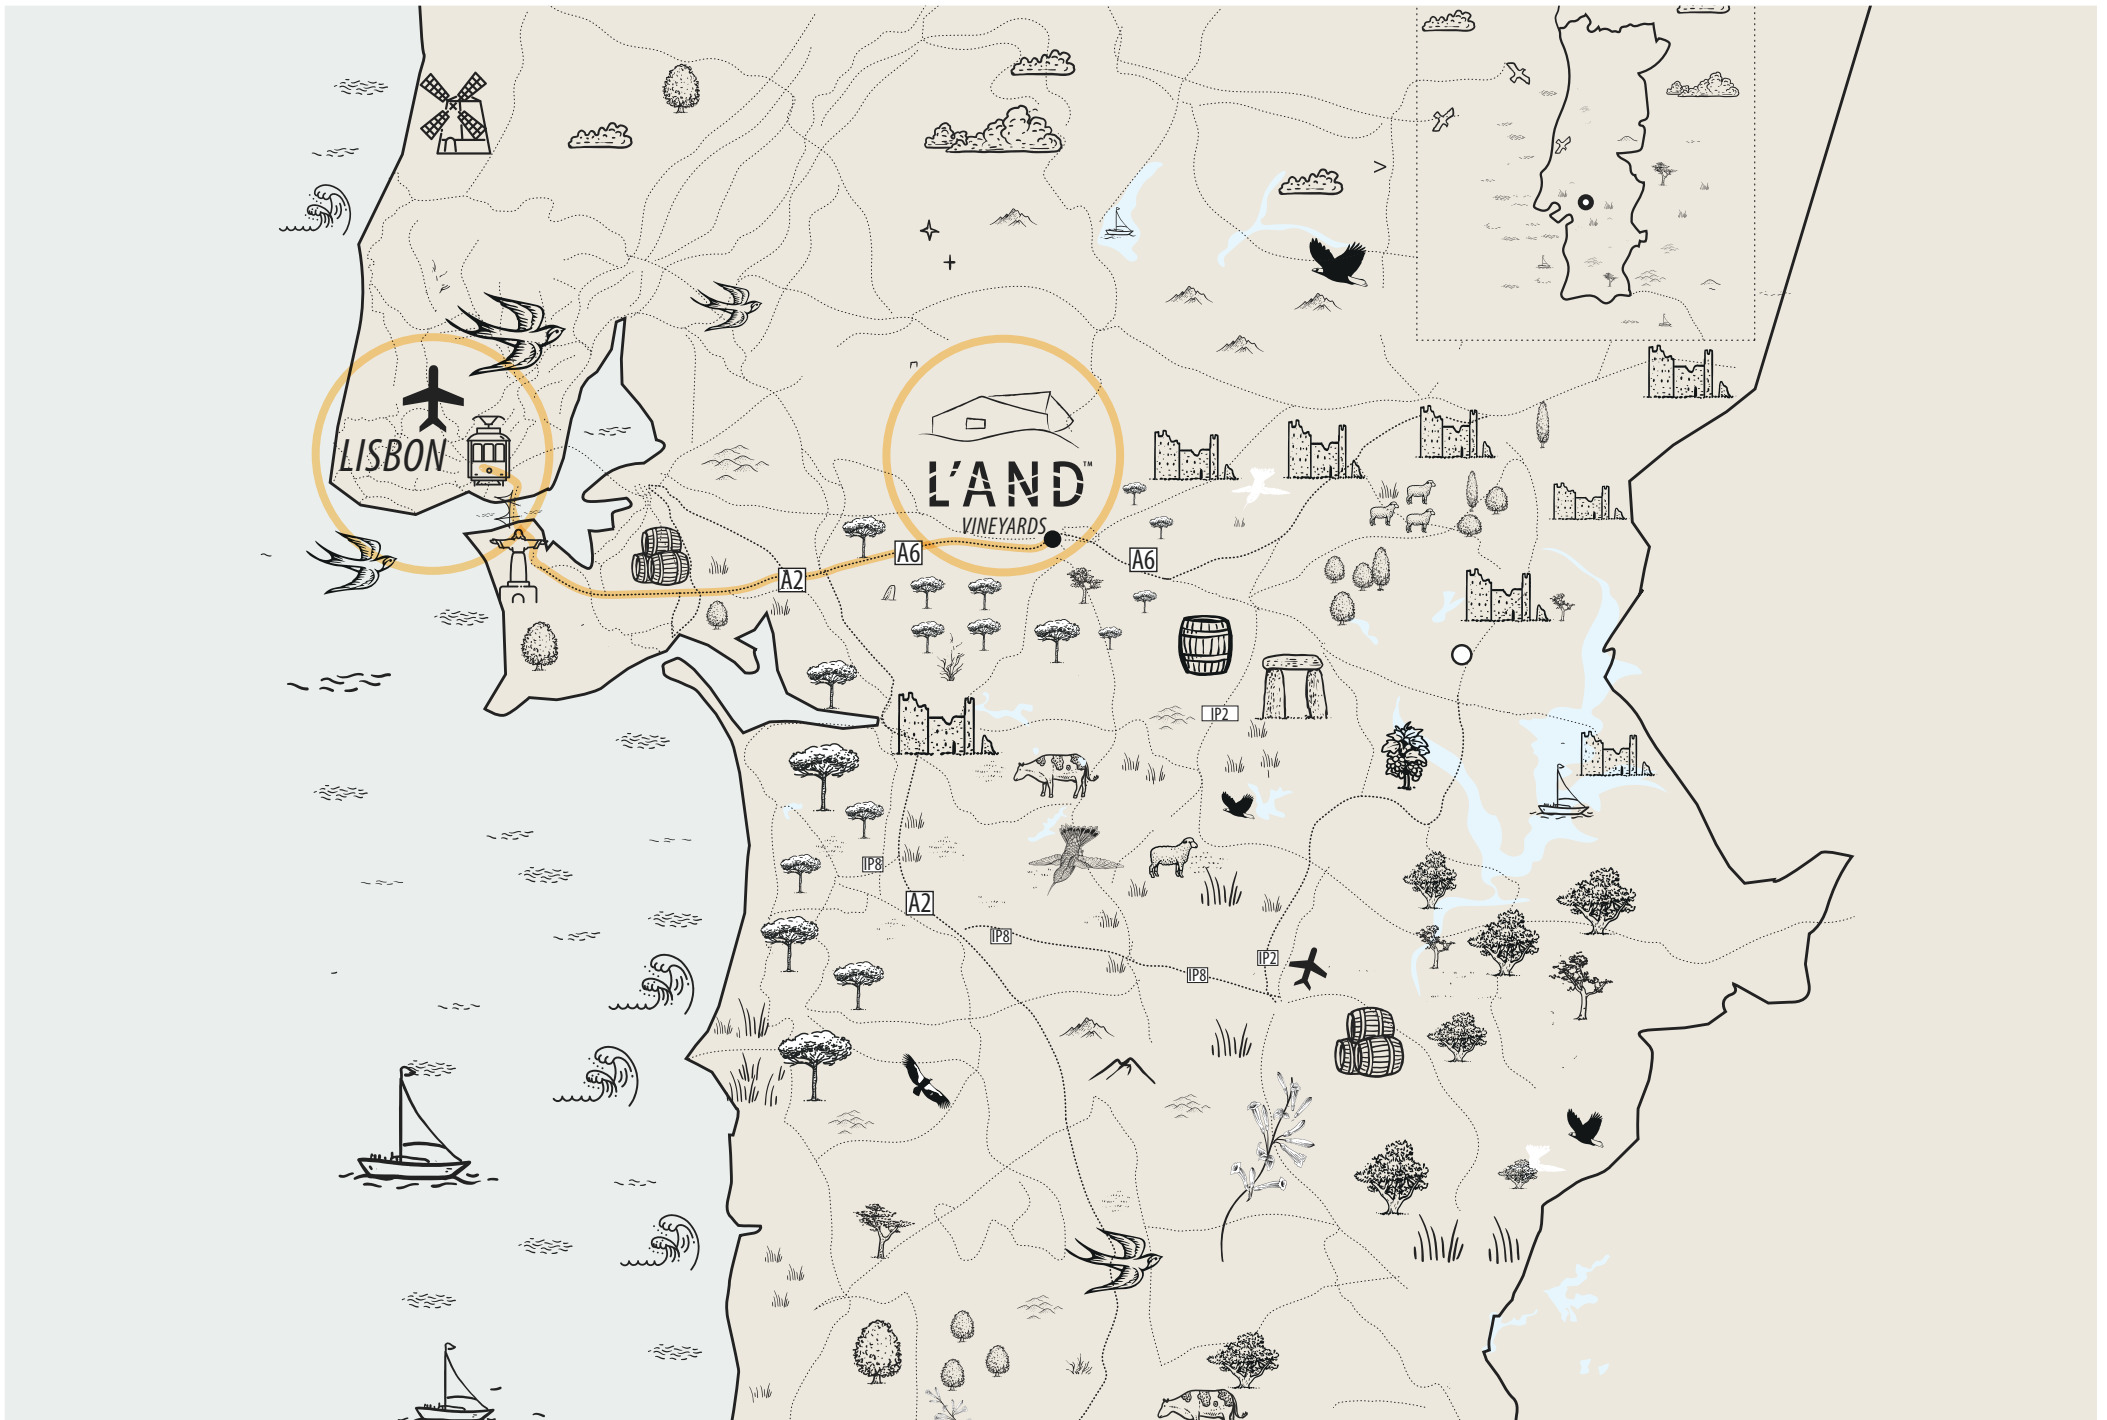

L'AND Vineyards is located 4 km away from Montemor-o-Novo, about 45 minutes from Lisbon airport and only 20 minutes from Évora.

The wilderness of Alentejo with its immense untouched Landscape, free from industrialization traces and mass urbanization make it a true jewel and one of the best-preserved regions in Europe: an extensive nature reserve where you can still experience and feel pure Nature.

Take your time to find one of the top wine regions in the world, and also the Alentejo Coast line with its yet undiscovered beaches, the amazing landscape featuring oaks, vineyards, olive groves and orange orchards among the historic foot print and craft left by neolithic civilizations, Phoenicians, Romans and Arabs.

Crowned by its imposing Cathedral and surrounded by ancient walls, Évora and her historic city centre nurture a precious cultural heritage classified by UNESCO as a World Heritage Site.
